Design and Delivery of Education and Training for the Conservation of Built Heritage

Under the Patronage of the School of Architecture, National Technical University of Athens

Ceremony Hall, Averof Building, Patission Street Complex, 42 Patission str. [entrance from Stournari str.]
GR10682 Athens

Register by 5th October: <https://www.eventbrite.fr/e/icomos-cif-2023-symposium-in-athens-and-site-visit-to-the-acropolis-tickets-716477562677?aff=oddtcreator>

We are delighted to announce the ICOMOS CIF 2023 Symposium on 12th and 13th October 2023 in Athens (Greece), organised in collaboration with ICOMOS Hellenic and with the patronage of the National Technical University of Athens. The ICOMOS International Scientific Committee on Education and Training (CIF) researches and promotes international cooperation in the field of education and training for the understanding, protection, conservation and management of built heritage, historic sites and cultural landscapes. It works on the advancement of greater understanding of such heritage, and the appropriate approaches, intervention criteria, technologies and management for its conservation, and to advise on the development of ICOMOS programs in this field, and at all levels of education and training.

Following from the outcome of ICOMOS CIF 2022 Symposium in Florence (**Decalogue for Education in Architectural Conservation**), we will focus this year on the delivery of education and training, in professional, educational and training settings, with the scope to identify the state of the art. We will also start this year with a section on Terminology, which will be a standing item in the following years. ICOMOS CIF has set as a priority the clarification of the terminology used and the cultural identities reflected in each language. The Symposium will include keynotes concerning education and training delivered within the conservation site of the Acropolis of Athens and in the architectural and urban conservation course at the National Technical University of Athens. Other ICOMOS CIF expert members will give short presentations on their experiences and all the contributors will have the opportunity to discuss with all the attendees to the Symposium. The outcomes will inform two important ongoing projects: the **ICOMOS CIF GACETS** (CIF Global Architectural Conservation Education and Training Survey) and **ICOMOS CIF Multilingual and Multicultural Glossary**.

PROGRAMME

Thursday 12th October: SYMPOSIUM

9.00 Registration

9.15 Welcome and Opening Remarks

ACCOMMODATION

Once registered, we will provide a list of Hotels near the venue and other practical information.

ICOMOS CIF Membership

ICOMOS CIF is composed of Expert Members, and Affiliate members. If you want to become a member you should first join ICOMOS and then apply to CIF, with a copy for information to the applicant's National Committee, or where none exists to the International Secretariat. There are three types of ICOMOS CIF membership, as follows:

(1) Expert Members

a) ICOMOS Members experienced and engaged in the areas relevant to the objectives of the Committee may apply for Expert Membership, either upon personal application or by proposal of the National Committee to which they belong;

b) Expert Members shall be accepted based on their individual profile, in particular their knowledge of and / or associations with education and training for the understanding, protection, conservation and management of built heritage, historic sites and cultural landscapes. All Expert Members must be members of ICOMOS and may remain members so long as they are ICOMOS members and meet the International Scientific Committee's (ISC) criteria for participation.

c) Expert Members have the right to participate in any aspect of the work of the Committee.

(2) Affiliate Members

a) ICOMOS Members interested in gaining knowledge and building up expertise in areas relevant to the objectives of the Committee may apply for Affiliate Membership, either upon personal application or proposal by the National Committee to which they belong;

b) Affiliate Members shall be accepted in unlimited number. They are conditionally accepted for a period of three years, after which time their contribution to the Committee will be evaluated in a transparent manner. The Affiliate Membership shall then be:

i. Extended for another similar period of time, with a maximum of two such triennial extensions, or

ii. Upgraded to Expert Membership, or

iii. Rejected on the basis of non-participation or unsatisfactory performance;

(3) Institutional Members

Organisations of any kind with expertise in one or more areas related to the aims of ICOMOS CIF.
